Al-Quds Day

A Day beyond Islamic Countries

Al-Quds Day; A Day beyond Islamic Countries

Quds Day is one of the true manifestations of the unity and cohesion of the Islamic world.

The International Quds Day is a legacy of the late founder of the Islamic Republic of Iran, Imam Khomeini, who designated the day in solidarity with the Palestinians and in opposition to the Israeli regime.

People across the world mark the International Quds Day to express their solidarity with the Palestinian people and denounce Israeli atrocities in the occupied territories as well as the besieged Gaza Strip.

History

Al-Quds Day (Arabic: يوم القدس) is the last Friday of the month of Ramadan on which demonstrations are held across the world to protest against the occupation of Palestine. Soon after the Islamic revolution in Iran, Imam Khomeini called on Muslims to dedicate this day to demanding the rights of oppressed Muslims around the world - particularly in Palestine. On this day, rallies are organized before Friday Prayer to protest against the occupation of Palestine and the oppression of its people.

From the beginning of Iran's revolution, Imam Khomeini stated that one of his goals was the liberation of Palestine from its occupant government. After the revolution, all official ties to Israel were broken and Israel's embassy in Iran was granted to the Palestinians. When a new Israeli raid began on the south of Lebanon on Ramadan 13, 1399/August 7, 1979, Imam Khomeini gave a speech in which he announced the last Friday of the month of Ramadan to be known as "al-Quds Day":

In the name of Allah the All-Compassionate, the Most Merciful

For many years, I have been notifying the Muslims of the danger posed by the usurper Israel which today has intensified its savage attacks against the Palestinian brothers and sisters, and which, in the south of Lebanon in particular, is continually bombing Palestinian homes in the hope of crushing the Palestinian struggle.

I ask all the Muslims of the world and the Muslim governments to join together to sever the hand of this usurper and its supporters. I call on all the Muslims of the world to select as al-Quds Day the last Friday in the holy month of Ramadan – which is itself a determining period and can also be the determiner of the Palestinian people's fate – and through a ceremony demonstrating the solidarity of Muslims worldwide, announce their support for the legitimate rights of the Muslim people. I ask God Almighty for the victory of the Muslims over the infidels.

Al-Quds Day

In Imam Khomeini

and Imam Khamenei's

Speeches

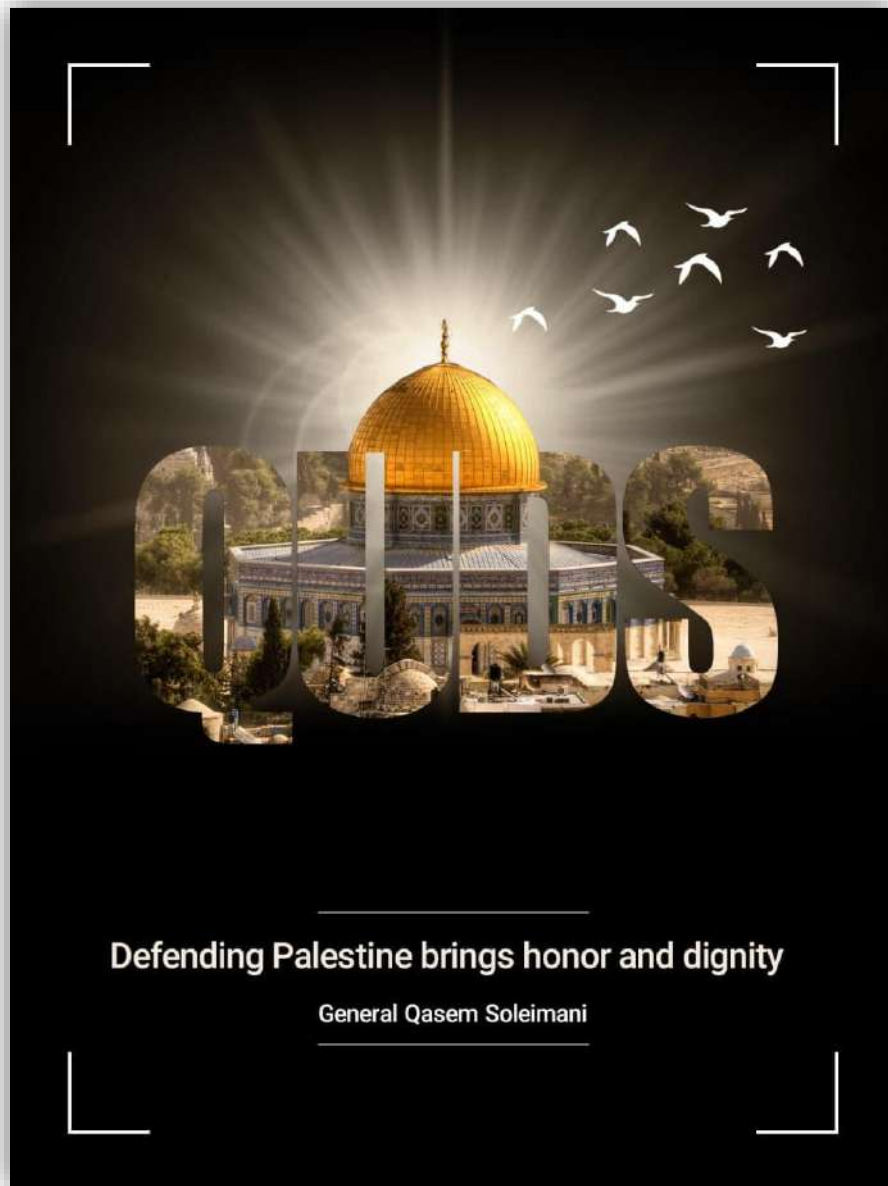

A DAY FOR THE OPPRESSED

Al-Quds Day is an international day and is not exclusive to Quds. It is the day of confronting the oppressed with the arrogant; it is the day of encountering the nations oppressed by America or else; it is a day for the oppressed to be prepared against the arrogant to defeat them.

THE DAY OF ISLAM AND THE DAY OF THE PROPHET

Al-Quds Day is not only for Quds; it is the day for Islam; it is the day for Islamic government. It is the day on which the flag for the Islamic government must be raised. It is the day on which, superpowers need to be taught that they can no longer advance in Islamic countries. I know al-Quds Day as the day of Islam and the day of the Prophet (s); the day which we need to fully prepare ourselves and relieve Muslims from the isolation they are brought in so that they can stand against their enemies with all their power.

HELPING THE FIGHTERS WHO FIGHT FOR GOD IN SUFFICIENT AMOUNT AND THEM WITH ALL FORCES

It is strongly recommended and even obligatory that some religious alms such as zakat and other types of charity are allocated to these fighters who fight for God in sufficient amount and helping them with all forces and facilities is obligatory.

THE DAY OF ISLAM'S LIFE

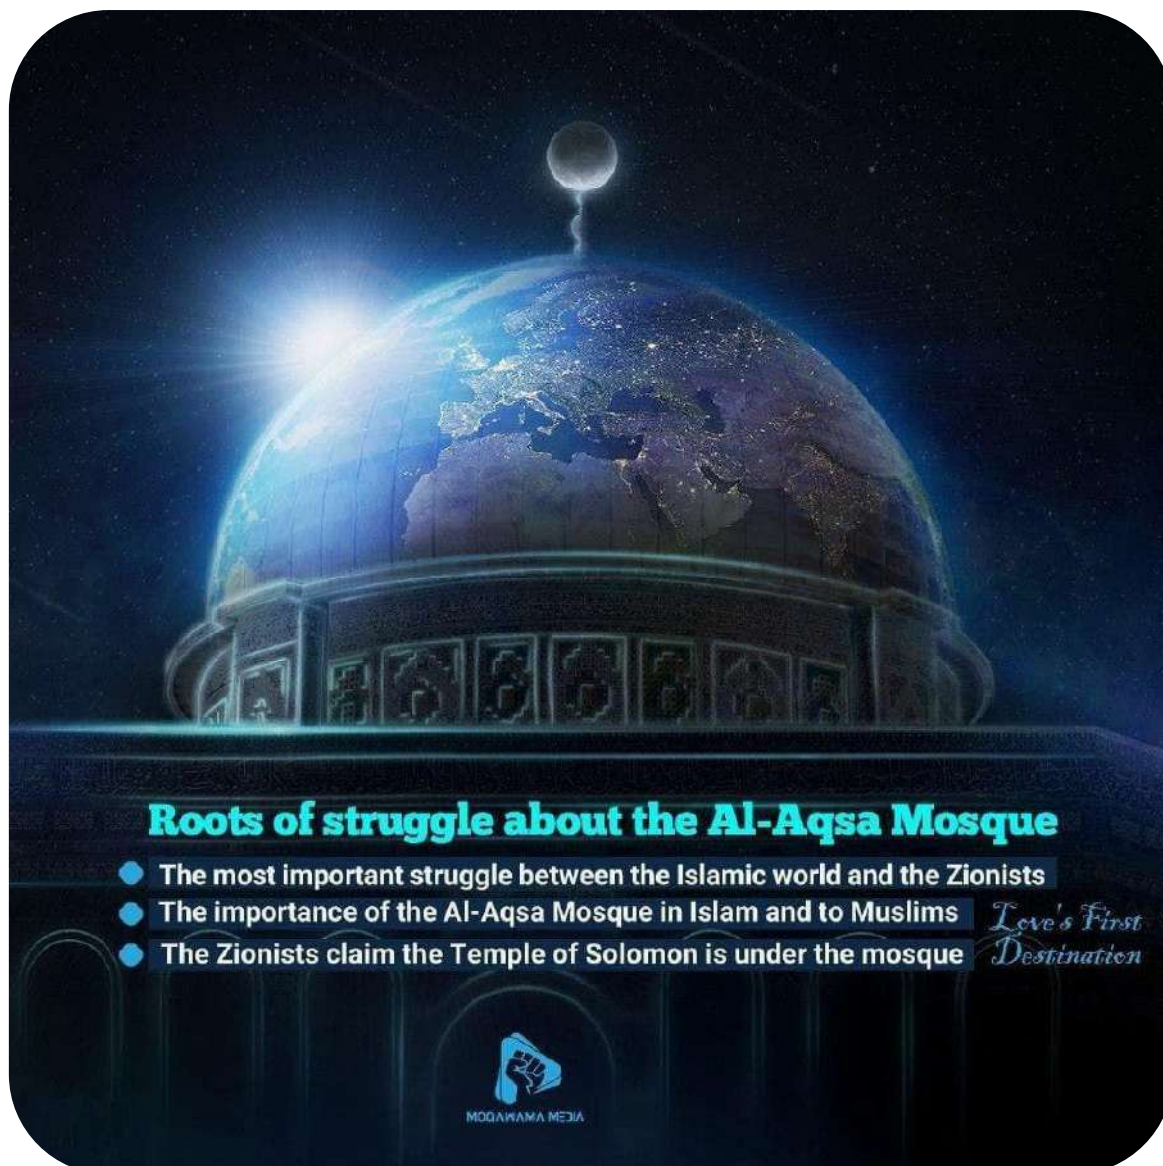

Al-Quds Day is when we must warn all superpowers that Islam will no longer be controlled by you through your evil agents; al-Quds Day is the day of Islam's life.

If the Islamic ummah is not woken up to their duties, if Islamic scholars do not feel responsible and do not rise, if the true Islam which is the cause of unity and movement of all Islamic schools against the enemies and the guarantee of honor and independence of Muslim nations and Islamic countries is burned under the black screens of imperialism by the hands of the agents of the enemies, miserable days will be ahead of Islamic nations and destruction threatens Islam and rulings of the Qur'an.

Al-Quds is the first Kiblah of Muslims and it belongs to them.

MANIFESTATION OF PURITY OF SOUL

Israel is a usurper and must leave Palestine soon and the way to it is that Palestinian brothers uproot this core of corruption and colonization from the region so that peace may return to the area.

It is a duty of the proud nation of Iran to harness the interests of America and Israel in Iran and invade them.

THE ISSUE OF PALESTINE

What is important is that the world of Islam should not forget about the issue of Palestine... America, the arrogant powers and constant supporters of Zionists have forced Muslims to forget the issue of Palestine but the Islamic Ummah and the Iranians should not allow the issue of Palestine to be forgotten.

This holy flame should be ignited inside Palestine as well more and more every day. Those youth, and those men and women, and those who sacrifice themselves and fight the usurper regime inside Palestine must know that the main point is what they press. That is where their enemy would defeat. That organizations outside Palestinian borders sit at the table of negotiations or show off in different tribunes in the name of Palestine would not solve any problem. General support of the Islamic world from outside and the real sensible fight of Palestinians inside will solve the problem and hit the head of the enemy to the ground.

The heartbreaking story of **Palestine** and the heart-rending sorrow of the innocence of this patient, enduring and resilient nation, truly hurt every human being who is freedom-loving and justice-seeking.

Imam Khamenei | Feb. 21, 2017 |  KHAMENEI.IR

ISRAEL MUST BE WIPED AWAY

Every inch of Palestine is an inch of Muslims' house. Any government other than a Palestinian one and other than a Muslim one over Palestine is a usurper one. Our word is what Imam Khomeini said that "Israel must be wiped away". It is not fighting with Jews. The issue is usurping the house of Muslims.

ALL THE LANDS OF PALESTINE

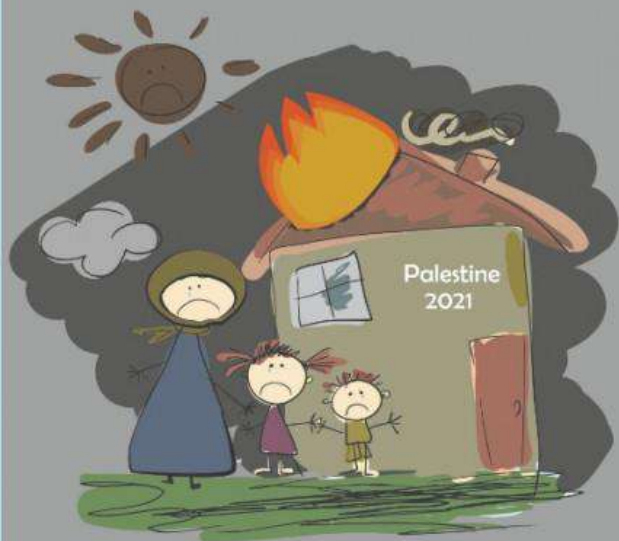

I frankly announce that every Palestinian who is martyred and every Palestinian family which is destroyed, the President of the United States and its government associated in that act.

The issue of Palestine has only one solution and that is the establishment of a Palestinian government in all the lands of Palestine.

May God's blessings and mercy be on the brave nation of Palestine, which has deep sorrow and pain in its heart due to many wounds, cruel siege and brutal invasion of their enemies and that too in front of the eyes of hundreds of millions of Muslims

Imam Khamenei delivered a televised speech on May 7, 2021 on the occasion of Quds Day. In this speech he referred to the issue of the shift in the balance of power in favor of the Islamic world and the Palestinians. Imam Khamenei spoke of some examples showing this shift that may be seen in this infographic.

The Zionist regime is in decline

The shift in the balance of power concerning Palestine is in favor of the Resistance

The downward spiral of the western camp

Their weakness in structure, management and morals

- The electoral events in the US
- Their unsuccessful one-year fight against the pandemic and the embarrassing incidents that ensued
- Political and social chaos in the most important European countries

The Zionist enemy is becoming weaker

Political weakness and vulnerability in security

- The increasing desire among the Jews to emigrate from that land
- Holding four elections in the space of two years
- Continuous defeats to their security
- Their determined efforts to normalize relations with a few Arab countries

Military weakness

- Defeat in the 33-Day War in Lebanon
- Defeat in the 22-Day and 8-Day wars in Gaza
- Turning into an army that will never taste victory

cultural

The increase in the capabilities of the camp of Resistance

political and military

- The show of the Palestinian nation's spirit of Jihad and innocence in the global public opinion
- The growth of self-awareness, motivation and hope in Muslim nations and the youth
- Scientific growth
- The growth of independence and self-reliance in nations
- The increasing tendency to follow Islamic and Quranic slogans
- The increase in military power and their defensive and offensive capabilities
- The uprising of the youth to defend Masjid al-Aqsa
- The spread of the Resistance to the entire country of Palestine and beyond
- The self-confidence of the fighters
- The growth of the Resistance forces in the most sensitive Islamic regions
- Self-sufficiency in building effective weapons

Imam Khomeini Al-Quds Day is an international day and it is not exclusive to Quds. It is the day of confronting the oppressed with the arrogant; it is the day of encountering the nations oppressed by America or else; it is a day for the oppressed to be prepared against the arrogant to defeat them.

Sahaifa Imam, Vol.9, P.277

In this auspicious future, cooperation between Muslim countries should be a main and fundamental goal and this does not seem unlikely. The pivot around which this cooperation turns is the issue of Palestine - the entirety of that country - and the fate of Holy Quds.

#QudsDay

I tell you with confidence: these attempts will not get them anywhere. The downward movement of the Zionist enemy has started and it will not stop moving downward.

Triumphant determination; Broken cups

The heads of some neighboring countries meet with the heads of the Zionist regime and have coffee with them. But the people of those same countries fill the streets on Quds Day to chant anti-Zionist slogans. This is the reality of the region today.
